

# Bushcraft 2021

Bushcraft 2021 is a basic tramping course that allow participants to enjoy the outdoors of New Zealand safely. It is being organised by members of the Otago Tramping and Mountaineering Club. There is a generally a minimum age limit for participants of 16 years (*exceptions can be made in consultation with us*). You may not have done any tramping at all before, or you may have done some recreational walking or the DoC 'Great Walks' and would like to learn more about the basic skills required to enjoy the outdoors in safety. We are sure that you will enjoy learning in the company of others and come to share our love of the hills.
